PRESIDENT'S LETTER - Martha Lutecki

As always, it was a busy fall season for The Portland Historical Society with involvement in several community activities and several well-attended monthly program meetings.

Brownstone Festival : We always enjoy participating in The Brownstone Quorum's Annual Brownstone Festival. Our booth on the Town Green selling items from the "Callander Cupboard" was very successful. Thanks to Sue and Darren Anderson, Jane Nash, Regina Woltmann and everyone else who helped out!

Exhibits: Sue Anderson has done an outstanding job researching all of Portland's farms and the families who owned them. More farm stories are being added as we go to press. If you've already visited the exhibit, please plan to stop by again during the holiday season to see what's new. We have all learned so much about farming history in Portland thanks to Sue's efforts. Thanks also to Bill, Phyllis and Claire Frisbie for their hard work on the exhibit as well.

Linda Cunningham and Luiza McDougall in the Society's Booth at the Portland Fair

Portland Fair: The "travel" Farm Exhibit was much at home at the agricultural fair this year!! Our booth not only raised awareness in the community of who we are and what we do, but we also sold more than \$500.00 worth of items from our "Callander Cup-

board." The new 2009 calendar, created by Bob McDougall and Sue Anderson featuring Portland farm scenes, was very popular. Thanks to all who helped us with the Fair booth – Sue Anderson, Bob and Christel Johnson, Doris Sherrow-Heidenis, Regina Woltmann, Bob and Luiza McDougall, Linda Cunningham, Chris Sullivan, Ethel Peltz, Ruth Freeburg, Millie Post, Nancy Flood, Randy and Joan Guilmette and Gene Sullivan.

By-law Revisions: I would like to thank Bob McDougall, Claire Frisbie and Joan Guilmette for their comprehensive review and recommendations. The committee and I worked for many months to make necessary changes to the by-laws which were presented at our September program and voted upon at our October program. One of the changes is in the presentation of the slate of officers and board members. Instead of doing this at our November meeting, we will wait for the start of the new calendar year in January.

As my term as President of The Portland Historical Society officially ends in January 2009, I would like to thank my fellow board members for their dedication and enthusiasm over the past three years. It has been a pleasure working with all of you and with all of our wonderful and supportive members. Best wishes for a healthy and happy holiday season!

Martha

NOTES . . .

Upcoming Society Fundraiser

In April 2009, the Society will present a **Spring Tea** featuring "Under Every Great Hat is a Great Woman", a **Vintage Hat Program** presented by Barbara Cubanski of Colchester. In addition to the tea and hat program that afternoon, we will hold a **Jewelry Sale** of items that have been donated to the Society and set aside from our annual town-wide tag sale event. The committee is looking for additional donations of jewelry (costume and authentic), and small boxes in which to display the jewelry. Proceeds from this event will benefit the programs of the Portland Historical Society and the operation of the Society's Museum. If you would like to volunteer to help with this event or make donations, please call Sue Anderson @ 342-0433.

The Tigers, Den 2 of the Portland Cub Scouts, and their families visited the Museum's Farm Exhibit in October.

PORTLAND HISTORY . . .

Excerpt from Sylvester Gildersleeve Descendants by Willard Harvey Gildersleeve, 1952

“In 1798, Phillip Gildersleeve was master carpenter of the U.S. Ship, “Connecticut” built at Stevenson’s Wharf of 514 tons, mounting 24 guns and commanded by Capt. Moses Tryon. This [war] frigate was contracted for by Gen. Seth Overton [one of the early owners of the Ruth Callander House]. In Barber’s History of Connecticut, a short sketch of the town of Chatham had this account of the ship’s launching and its supervision by its naval architect, Philip Gildersleeve.

Middletown [Portland], June 7, 1799 **The Launch - More of the Wooden Walls of Columbia.**

Yesterday at 35 min. and four sec. past five p.m. the U.S. ship Connecticut was safely deposited on the bosom of the majestic stream and hence she derives her name. No words can convey an adequate idea of the beauty and brilliance of the scene. Nature, as inclined to do honor on the occasion, had furnished one of the most delightful days that the vernal season ever witnessed. While old Father Connecticut, eager to receive his beautiful offspring, had swollen his waters by the liquefaction of snows reserved for the occasion near his source in order to facilitate her passage to his waves; and extending his liquid arms welcomed her to his embrace. Flora decked in her richest attire smiled gleefully around and a brilliant concourse of spectators from this and neighboring towns whose countenances expressed the liveliest sensibility at thus witnessing the progress of our nautical armament destined to protect our commerce and hurl the thunders of Columbia on her shrinking foes, formed a most magnificent moving picture in addition to the brilliance of nature which shone around.

The preparation of the launch was exquisite and evincive of the consummate skill of the architect who superintended the operations of the day and whose orders were given with dignity and obeyed with punctilious nicety when the moment arrived at which the elegant fabric was to leave her earthly bed never more to return. The anxiety of the crowd was witnessed by solemn silence awful and profound.

The stroke was struck, the blocks were removed, when lo, with the grace and majesty of the divine Cleopatra or the wonderful Cygnus, she glided into the arms of her parent river and, as if reposing herself to sleep upon a bed of roses, sunk upon his breast. In a moment, the peal of federalism burst forth. The peans of the gazing thousands met the heavens and echo faintly expired on the distant hills.

While shad and salmon feel the patriot glow
And throng in numerous shoals the waterway
And sturdy sturgeon from the depth below,
Leap up her matchless beauty to survey.

A footnote says: This paragraph was taken from a Boston newspaper.”

This photo came to the Society recently from Tom Johnson of Bonsall, CA. Charles Graham Johnson and his wife, Emily, are shown on their farm at 321 Main Street. The Trinity Church Steeple can be seen in the background. This photo predates the building of Stonehaven at 325 Main Street in 1888.

Charles and his son Oscar Johnson (grandfather of Tom) were photographers who documented life in Portland and surrounding communities in the nineteenth and twentieth centuries.
